Re: MB Docket No. 15-149

Dear Ms. Dortch:

I write to you as Vice Mayor of the City of Cudahy (independently from the council body) to share with you Charter Communications' track record and commitment to diversity and inclusion in the workforce, their mission in working with the local community, and how that will remain the central emphasis if the proposed merger solidifies.

I am a proud product of Los Angeles - I went to the city's local school system and graduated from UCLA. In addition, I have been actively involved in Latino leadership groups and community organizing.

Charter clearly shares the same values that the residents' of the City of Cudahy and I do. Their signature community service program, "Charter Our Community," partners with nonprofits across the entire country and has pledged to rebuild 25,000 unsafe and unhealthy homes in CA. They have pledged to adopt Time Warner's incredible diversity and inclusion initiatives in hiring, purchasing, programming, and community investment. They are committed to engaging with the community with supplier diversity events, to outreaching minority business organizations in the area. Hence, providing high quality materials and programming that Cudahy's residents demand.

I ask that you please consider all of these points in mind when determining whether or not to approve the merger. Charter and the proposed New Charter is an important partner and friend to the City, and the merger will only reinforce our partnership to improve the quality of life for our constituents.

Sincerely,

A handwritten signature in black ink, appearing to read 'CH', is written over a horizontal line.

Office of Vice Mayor Christian Hernandez
